

How can we recreate flowers 2D and 3D forms?

Spotlight On Art:

Wire Flowers

Art Detectives

How do you think the artist made this piece of work?

How would you describe the colour, lines and shapes of these flowers?

Skills and Techniques

To mold, form shape and bond materials to create a 3D form.

To create a 2D drawing and construct it with wire and tissue into a 3D form keeping features from the original drawing.

In sketchbooks be able to express feelings such as, likes or dislikes about the art you are creating.

Improve and identify and improve techniques.

Observational—Observational drawing is **drawing what you see**. It's as simple and as complicated as that. It can be a flower, a person, a still life, a landscape, or anything, really. But it's drawing what you see in front of you as realistically and as true to life as possible.

Drawing—a picture or diagram made with a pencil, pen, or crayon rather than paint

Wire—metal drawn out into the form of a thin flexible thread or rod

Key Vocabulary

Shape—spaces that are created when a line reconnects with itself. These can be wobbly and abstract or precise, like a triangle or square.

Continuous line—A continuous line drawing is all about keeping your pen touching the paper - no exceptions! It doesn't matter if it makes the drawing look scribbly or messy - that's part of the fun!

Sculpture—the art of making two- or three-dimensional representative or abstract forms. Sculptures can be made from any materials such as, stone, wood, metals, paper, material etc.

Character

Can I create personality through sculpture?

Critical thinking

What are the benefits of 'sculpture' as an art form?

Creativity

Create a flower that represents you!

Communication

Can I show emotion in my wire flower sculpture?

Collaboration

With family/friends create your own flower sculptures, maybe you can put on a flower show!

Citizenship

What can sculpture in public places bring to a community?

Glue here

Use different materials to create a flower sculpture, recycled things that you would throw away like plastic bags, bottles, plastics, old pens. Be as creative as you can! This one is made from buttons and bottle tops that would otherwise be in landfill.
